# CHAMFERED SASH uPVC WINDOWS

Our Chamfered windows and doors combine the elegance and style of traditional timber with all the benefits of uPVC.

This range is ideal for those who wish to add or improve the period features of their homes. Its unique, unrivalled, aesthetic appeal makes this range the most attractive suite of windows and doors on the market today.

French Doors and Entrance Doors are available in the same colours to match your windows. Choose door frame profiles in the same style for a seamless finish.

- Exquisite Georgian bar option
- Optional sash horn available
- ✓ Tilt and Turn options
- ✓ Night vent facility
- High security handles and locks for total peace of mind
- ✓ Sealed unit for increased energy efficiency
- ✓ Double or triple glazing available
- Secured by Design accredited for your security\*
- ✓ PAS24 Compliant\*
- Available in a wide range of hand-picked woodgrain finishes
- French Doors and Entrance Doors to match your colour choice

\*Available as an optional upgrade

# SCULPTURED SASH uPVC WINDOWS

Our beautiful Sculptured Sash uPVC windows feature outward opening sashes, which stand proud of the face of the window frame and are the more typical style found in houses today.

This range is ideal for period properties and those who want to add character and enhance the appearance of their homes. The stunning and individual aesthetic of this range makes it a market leader.

- Exquisite Georgian bar option
- Optional sash horn available
- ✓ Tilt and Turn options
- ✓ Night vent facility
- High security handles and locks for total peace of mind
- ✓ Sealed unit for increased energy efficiency
- ✓ Double or triple glazing available
- Secured by Design accredited for your security\*

## uPVC TIMELESS FLUSH SASH WINDOWS

## PREMIUM FLUSH SASH **TIMBER ALTERNATIVE**

The Timeless Flush Sash system is crafted from modern, weatherproof uPVC, which unlike traditional timber windows - will never need sanding or repainting and will never rot, split or swell.

These low-maintenance windows will keep your home looking its best for years to come, with no more work than an occasional wipe with a damp cloth.

#### **AUTHENTIC STYLE**

The newly unveiled Timeless Flush Sash window is reminiscent of early 19th Century timber windows and is ideal for heritage homes, particularly in conservation areas where authentic looks are all-important.

- ✓ Sleek slimline frames
- ✓ Traditional Ironmongery Options
- Dummy peg stay option
- Exquisite Georgian bar option
- ✓ Night vent facility
- ✓ High security handles and locks for your peace of mind
- ✓ Sealed unit for increased energy efficiency
- ✓ Double or triple glazing available
- ✓ Low maintenance uPVC frames
- ✓ Available in a wide range of hand-picked woodgrain finishes
- ✓ French Doors and Entrance Doors to match

## **CHOOSE CLASSIC WELD** OR OUR TRADITIONAL TIMELESS DETAIL

Unlike other flush systems, the Timeless Flush Sash is available in two jointing options, Classic Mitre Welded joint and the Timeless Timber Style joint.

The Timeless Timber Style joint is a traditional style mitred butt joint that is sealed in place, replicating a timber joint with meticulous detail.

Classic Mitre Welded joints give a contemporary and modern twist to this heritage style. The corners are precision welded so that the join is practically seamless.

OTHER RAL COLOURS AVAILABLE ON REQUEST

Due to possible variations in the printing process, please refer to physical colour swatches for an accurate representation of the above colours.

# **LOGIK S FLUSH WINDOWS**

Most of the windows you see when you look around are designed with either the popular chamfered or ovolo frames.

Now, there's a third style to choose from- the flush sash frame.

Like the name suggests, these windows offer a smooth, flush fitting appearance when closed, with no lip between the outer frame and the sash. The result is a modern, streamlined look when finished in Grey that's growing in popularity, especially in more modern home designs. For a more traditional timber look choose a woodgrain finish to perfectly complement the aesthetics of your property.

# THE FLAT PROFILE THAT'S RAISING THE BAR IN WINDOW DESIGN

Logik Flush Sash is already transforming homes with its unique combination of sleek style, proven energy-efficiency, low maintenance and 10-year guarantee for complete peace of mind.

Why not find out for yourself how this flush new addition to the Logik family can make an outstanding difference to your home?

Logik S Flush Sash frames are available in a wide range of woodgrain colour finishes. In fact, they're so realistic, it's hard to tell from the kerbside that they're not actual wood frames.

# THE GREY REVOLUTION

Our grey substrate option is a real 'game changer'

Unlike most coloured frames which have a foil coating on top of the white uPVC, our grey substrate frames are the same colour all the way through. So even with the window open, there's no trace of white.

A great way to get the on trend all-grey aluminium look without paying the premium price of aluminium itself.

Our flush sash windows are from our successful Logik S range, so you can expect superb heat and noise insulation, security and strength as standard.

# INTRODUCING THE GALILERY COMPOSITE DOOR

#### **COMPOSITE DOORS**

Our Composite Door Collection is a complete range of thermally efficient composite doors manufactured to the highest quality standards.

Choose from 3 ranges; Traditional or Contemporary grained styles, or the new smooth Urban door which replicates aluminium styling.

We also offer doors with toplights and sidelights when required in either a matching composite side panel or glass options.

#### **MAKE AN ENTRANCE**

Let your door really make an entrance by selecting stylish accessories. Handles can be fitted in either modern handle positions or choose a more traditional door pull fitted centrally together with the heritage lock position.

Stunning glazing options allow you to flood your hallway with light, compliment the colour of the door with coloured glass, or maintain your privacy by choosing a solid door panel.

No need to worry about heat loss either as our doors are well insulated and we only use the most energy efficient glass.

# How many times have you thought ... have I locked my door?

We've all been there! With Kubu you'll never have to worry if your door is unlocked again.

Kubu uses smart and simple technology to monitor your lock in real time. You'll be able to check the status of your door no matter where you are, at any time of the day, right from the Kubu app on your phone.

#### ALL OUR DOORS ARE EQUIPPED FOR KUBU SMART - SENSOR TECHNOLOGY. Simply visit www.kubu-home.com once your door is fitted, and you will never have to worry about whether you remembered to lock your door again.

With Kubu say goodbye to uncertainty and hello to peace-of-mind.

Be sure it's secure

# **uPVC FRENCH AND ENTRANCE DOORS**

#### FRENCH DOORS

Our uPVC French doors utilise the standard sash design to create sleek frames for a modern look. Expand your view onto a garden or terrace area with openings up to two metres wide. French doors are perfect in the summer, when you can open them wide and bring a bit of the outside in.

#### French Door Handle

- Curved handles available in white, bronze, gold\*, chrome\*, black and satin silver.
- Straight Handle available in white, gold, chrome and black.
- PAS24 Compliant.
- ✓ Works with Kubu (see page 27 for more details).
- \* Gold and chrome curved handles are available as marine grade

#### **ENTRANCE DOORS**

Our low maintenance uPVC Entrance doors are available in a huge variety of styles, colour options and woodgrain finishes to suit every home.

- ✓ Choose from half glazed or fully glazed in a wide range of glazing options.
- Multi-point locking systems are fitted as standard for your peace of mind.
  The draught proof design will help to improve the energy efficiency of your home.
- ✓ PAS24 Compliant.

## PRESTIGE WINDOWS & DOORS

# Trestige

## TRANSFORM YOUR HOME WITH OUR STYLISH ALUMINIUM WINDOWS AND DOORS

Choosing the right aluminium windows for your home is an important decision. An investment that makes a real difference to how warm and secure you feel, as well as improving the look of your property. That is why we have carefully designed the Prestige window and door system to combine stylish looks with the latest technical innovation. Building on years of experience, we've incorporated many unique features to create an incredibly thermally efficient, secure system, with unparalleled aesthetic appeal, that's available in a wide range of colours.

Designed for discerning homeowners that aren't willing to compromise, the Prestige range is tailored for those who demand more for their homes.

Built around our innovative Thermavic® multichamber thermal break, we use a patented, strong and durable construction method, enabling us to hand tune each corner, ensuring every single window and door is finished to the highest standards.

Each Prestige installation is individually tailored to the exact requirements of your property. A range of different outer frame sizes accommodate different plaster lines and window reveals - ensuring a perfect, neat finish.

Our versatile 72 - 80mm wide system is available in casement, French and fixed windows and has been designed to be sympathetic to the modern trend for light, airy interiors. Using slim sashes allows more light to flood into your home, helping create that important sense of space and tranquillity.

## **EXCEPTIONAL THERMAL PERFORMANCE** COMBINED WITH REFINED LOOKS

Prestige combines aluminium's clean lines with exceptional thermal performance for up to an A+ Window Energy Rating.

Our innovative Thermavic® multi-chamber thermal design, hidden away inside each window and door, helps keep you and your property well insulated against the worst of the UK weather. This closed-cell, insulating chamber acts as a thermal break and works in conjunction with high performance glazing to create class leading thermal performance, far superior to traditional polyamide thermal breaks. Sheerline's cills also feature this same technology coupled with innovative in-built weather sealing keeping draughts and rain safely outside.

# PRESTIGE STEEL INTERNAL DOORS

# MODERN STEEL-GLASS LOFT GLAZING

## LET THE LIGHT INTO YOUR INTERIOR

We specialise in the production of made-to-measure loft doors and glazing panels according to your needs.

Thanks to our glazing you will easily and effectively divide the space or section separate rooms off without limiting access to natural daylight and without overwhelming your interior.

Prestige doors and screens go perfectly together with both industrial and elegant or modern spaces. Our glazing is a unique decorative element that gives the interior an individual character. We realize our projects both for residential interiors and for office and commercial spaces.

We will design any space with you so that it is safe and functional.

The Prestige line is specially designed, unique profiles made from the highest quality zinc coated steel. The profiles' special shape and thickness enables the use of a particularly thin (20 mm) door profile, uncommon on the European market

- We use only professional UV seals for facade applications
- We choose exclusively powder coating in order to ensure surface durability for many years
- We pick entirely secure glass panels
- We do not use silicones

#### SLIDING SYSTEM VARIANTS

Installation on a sliding rail to a wall or ceiling

# PRESTIGE STEEL INTERNAL DOORS

#### TYPES OF INTERIOR MUNTIN BARS

Inside the frame of a door or fixed screens we are able to create any given arrangement of vertical and horizontal muntin bars. You can either choose from the muntin bars projects shown below or create your own combination.

In case of large glazing or upon request a constructional muntin bar at the hinged side with dimensions of 20 x 25mm is available.

## FRAME COLOURS

Black, white or maybe your favourite one?

Products of the Prestige line are painted with the top quality powder coating used in facade production. The coating is applied using the powder painting method, which provides a hard and durable structure.

e Black Grey

RAL 7021

Any RAL colour upon request\*

<sup>\*</sup>Extra charge applies for any RAL colour.

# **LANTERN ROOFS**

## SUSTAINABLE, STYLISH AND SECURE ROOF LANTERN.

Sheerline Roof Lantern is a warmer, slimmer and much more secure roof lantern.

Thermlock® multi-chamber thermal technology helps keep heating bills low, while deep internal bars create a strong structure for spans up to 3.2 x 6m without tie bars.

Ultra-low line aesthetics give a stylish architectural appearance, enhanced with hardwearing powder-coated aluminium inside and out.

#### **KEY FEATURES AND BENEFITS**

- Thermalock® multi-chamber technology for thermal efficiency
- Ultra strong structure spans up to 3.2 x 6m without tie bars
- · Ultra low line aesthetics for architectural styling
- · Hardwearing powder coating inside and out
- Designed for security
- High security anti-tamper screws, anti-tamper glazing, security tape and glass lock
- · Secure ridge end
- · Laminate glass upgrade option
- U-value of 1.0W/(m2K) with 28mm glazing\*

- Maximum size of 2.4 x 6m at 25 degree pitch
- · Weather rated for the whole of the UK
- Made with Welsh mined aluminium
- Designed to minimise waste
- Integrated LED lighting channel

#### **Lantern Colours**

Option of choosing a different colour inside.

# THE SUSTAINABLE CHOICE

#### Made & Recycled in the UK

For many years, uPVC windows and doors have been recognised as the durable, low maintenance and energy efficient option. Now, thanks to recent advances in recycling, uPVC windows and doors are the first choice material for sustainability too. It means that choosing to buy your uPVC windows and doors from us is good for your home, your pocket and the environment.

#### 'A+' rated for sustainability

Fitting A+ rated windows minimises your heat loss to reduce carbon emissions and ensures money spent on heating your home isn't wasted. Multichambered uPVC frames and argon gas filled double glazed units deliver the best possible thermal efficiency. Our Prestige Aluminium Sheerline Bifold Doors have a U value of just 1.4W/m2k which meets the new Part L Building Regulations requirements for external doors which come into place in June 2022.

# Re-useable and recyclable for hundreds of years

Research has shown that 95% of 'post-consumer' or end-of-life uPVC windows can be recycled. The official product life for a uPVC window or door is up to 35 years (BRE) and they can be recycled up to 10 times meaning 350 years of re-use with minimal impact on the environment.

# **Environmentally responsible** component supplier

Eurocell, which manufactures most of the uPVC components used in our windows and doors, is at the forefront of sustainable developments in the uPVC industry. The company recycles waste window frames which would otherwise go to landfill. The material is used to manufacture brand new windows, for closed-loop material sustainability.

Our windows represent a genuine sustainable option. Not only because they help reduce CO2 emissions, but also because uPVC is a fully recyclable material. Each year, tens of thousands of tonnes of uPVC are recycled, minimising impact on landfill waste sites.
